

A NEW STANDARD IN APARTMENT LIVING

Orillia Independent Living is ideal for those who want complete freedom of choice in their Retirement Lifestyle. Carefully designed to blend all the freedoms of hotel style living with complete security, this setting is perfect for those who are looking for peace of mind. Richly appointed and professionally decorated, this new four story elevator building was built with Seniors in mind.

Mirrored Closets, French Doors, Quality Broadloom, Italian Ceramics

Today's Seniors are expressing a desire to be able to stay in their own home but often the services are not enough to make living easy. Our building offers the privacy of your own apartment but a Manager is on staff Monday to Friday to assist you with your medical appointments and other daily activities.

Designer Kitchens offeringn Stainless Steel Appliances

The Gentleman's Club is alluring to folks who want to challenge neighbors or visitors to a game of pool or cards. The Television Lounge is a wonderful place to relax and watch movies.

LIFE WHERE EVERYTHING REVOLVES AROUND YOU

Enjoy a delightful Continental Breakfast with your neighbors at the Cafe in our comfortable Lounge or simply read or visit with other Residents near the Fireplace. Enticing Dinners are served nightly in our elegant Dining Room. Menus can be tailored to include special dietary needs.

Our professional Beauty Salon/Barber Shop provides all the amenities of a Salon without leaving your home. An Esthetician will provide relaxing foot and nail care and any requested services.

Our whirlpool Spa offers our Residents the opportunity to experience a gentle warm water massage in the morning to loosen up stiff joints when they can be most painful. Before bedtime, a relaxing hot soak can help bring on a restful sleep. Rotating and pulsating jets of warm water, known as hydro massage, ease tension and relax tight muscles, thus decreasing arthritic pain and soreness. Our passive Exercise Tables helps increase circulation and stimulates the body.
